EDUCATION

Vasireddy Venkatadri Institute of Technology

Bachelor of Technology(Computer Science) - CGPA - 7.8

2021–2025

Guntur, Andhra Pradesh

Bhashyam Junior College

Board of Intermediate Education (MPC) - 93%

2019–2021

Guntur, Andhra Pradesh

Bhashyam High School

SSC - GPA - 9.2

2018–2019

Guntur, Andhra Pradesh

PROJECTS

Smart Job Portal & Resume Matcher

- Engineered a high-performance Smart Job Portal using Java Spring Boot, React, and MySQL, securing the system with JWT-based authentication and role-driven access control.
- Designed an intelligent resume–job matching engine that analyzes skills and computes real-time match scores to drive faster, data-driven candidate shortlisting.
- Built powerful recruiter and admin dashboards with REST APIs and Spring Data JPA to monitor jobs, applications, and user activity at scale.

MultiModel Data Processing System

Oct 2025

- Developed a Multimodal Data Processing System capable of extracting and analyzing text, audio, and visual data from various file formats (PDF, DOCX, PPTX, images, audio, video) using Python, OCR, and speech-to-text models..
- Implemented semantic search and natural language querying using embeddings and ChromaDB, enabling context-aware answers with source-based citations through an integrated LLM-powered interface..

TextUtils using React

- Developed a browser-based text editor in React with including live preview, word/character count, and added features like dark mode toggle, ..
- Implemented state management to handle text changes and editor functionalities dynamically. Utilized React Hooks (useState, useEffect) for state management and dynamic UI updates..

TECHNICAL SKILLS

Languages: Java , C , Python

Tools: VS Code, Eclipse, Github, Jupyter notebook

Frontend: HTML, CSS, JavaScript, React.js

Backend: Spring Boot, REST APIs, JPA, JWT

AI / Machine Learning: Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), Semantic Search, Embeddings, Natural Language Processing (NLP)

Databases: MySQL, ChromaDB (Vector Database)

TRAINING

Bytecode Training and Placements

Full Stack Developer

- Contributing as a Full Stack Developer at Bytecode, serving to the development of scalable web applications using Java, Spring Boot, and MySQL.
- Partnering with cross-functional teams to build RESTful APIs and integrate dynamic front-end components using HTML, CSS, JavaScript and React.js.

EXTRACURRICULAR

Organized a SPELL-BEE contest

- Working closely with peers to plan and execute a successful Spell Bee event with high student participation. Demonstrated leadership, communication, and teamwork throughout event coordination and promotion.
